Why Group Term

Group life insurance is a life insurance scheme in which a single contract covers an entire group of people. Typically, in such schemes, the life insurance scheme owner is the employer or other registered groups as applicable. Group life insurance is provided as part of a complete employee/member benefits package.

- Single Policy is issued covering all members
- Simplified procedures in risk assessment
- Cost of group coverage is far less than what you would pay for a similar amount of individual protection.

Max Life Group Term Life Platinum Assurance

We, at Max Life Insurance Company, understand your priorities and challenges. **Max Life Group Term Life Platinum Assurance plan is comprehensive Group term insurance plan** specially designed to safeguard the financial future of your employees/ members' families against death. This plan provides enough flexibility to suit business of every need and scale, so that you can take the right step today and help protect your members' family from the unpleasant surprises in life.

Critical Illnesses definitions:

1. Cancer of specified severity

A malignant tumor characterized by the uncontrolled growth and spread of malignant cells with invasion and destruction of normal tissues. This diagnosis must be supported by histological evidence of malignancy. The term cancer includes leukemia, lymphoma and sarcoma.

The following are excluded –

- i. All tumors which are histologically described as carcinoma in situ, benign, pre-malignant, borderline malignant, low malignant potential, neoplasm of unknown behavior, or non-invasive, including but not limited to: Carcinoma in situ of breasts, Cervical dysplasia CIN- 1, CIN - 2 and CIN-3.
- ii. Any non-melanoma skin carcinoma unless there is evidence of metastases to lymph nodes or beyond;
- iii. Malignant melanoma that has not caused invasion beyond the epidermis;
- iv. All tumors of the prostate unless histologically classified as having a Gleason score greater than 6 or having progressed to at least clinical TNM classification T2N0M0
- v. All Thyroid cancers histologically classified as T1N0M0 (TNM Classification) or below;
- vi. Chronic lymphocytic leukaemia less than RAI stage 3
- vii. Non-invasive papillary cancer of the bladder histologically described as TaN0M0 or of a lesser classification,
- viii. All Gastro-Intestinal Stromal Tumors histologically classified as T1N0M0 (TNM Classification) or below and with mitotic count of less than or equal to 5/50 HPFs;

2. Open Chest CABG

The actual undergoing of heart surgery to correct blockage or narrowing in one or more coronary artery(s), by coronary artery bypass grafting done via a sternotomy (cutting through the breast bone) or minimally invasive keyhole coronary artery bypass procedures. The diagnosis must be supported by a coronary angiography and the realization of surgery has to be confirmed by a cardiologist.

The following are excluded:

- i. Angioplasty and/or any other intra-arterial procedures

3. First Heart Attack – of Specified Severity

The first occurrence of heart attack or myocardial infarction, which means the death of a portion of the heart muscle as a result of inadequate blood supply to the relevant area. The diagnosis for Myocardial Infarction should be evidenced by all of the following criteria:

- i. A history of typical clinical symptoms consistent with the diagnosis of acute myocardial infarction (For e.g. typical chest pain)
- ii. New characteristic electrocardiogram changes
- iii. Elevation of infarction specific enzymes, Troponins or other specific biochemical markers.

The following are excluded:

- i. Other acute Coronary Syndromes
- ii. Any type of angina pectoris
- iii. A rise in cardiac biomarkers or Troponin T or I in absence of overt ischemic heart disease OR following an intra-arterial cardiac procedure.

4. Stroke Resulting in Permanent Symptoms

Any cerebrovascular incident producing permanent neurological sequelae. This includes infarction of brain tissue, thrombosis in an intracranial vessel, haemorrhage and embolisation from an extracranial source. Diagnosis has to be confirmed by a specialist medical practitioner and evidenced by typical clinical symptoms as well as typical findings in CT Scan or MRI of the brain. Evidence of permanent neurological deficit lasting for at least 3 months has to be produced.

The following are excluded:

- i. Transient ischemic attacks (TIA)
- ii. Traumatic injury of the brain
- iii. Vascular disease affecting only the eye or optic nerve or vestibular functions.

5. Kidney Failure Requiring Regular Dialysis

End stage renal disease presenting as chronic irreversible failure of both kidneys to function, as a result of which either regular renal dialysis (haemodialysis or peritoneal dialysis) is instituted or renal transplantation is carried out. Diagnosis has to be confirmed by a specialist medical practitioner.

6. Major Organ / Bone Marrow Transplant

The actual undergoing of a transplant of:

- i. One of the following human organs: heart, lung, liver, kidney, pancreas, that resulted from irreversible end-stage failure of the relevant organ, or
- ii. Human bone marrow using haematopoietic stem cells. The undergoing of a transplant has to be confirmed by a specialist medical practitioner.

The following are excluded:

- i. Other stem-cell transplants
- ii. Where only islets of Langerhans are transplanted

7. Permanent Paralysis of Limbs

Total and irreversible loss of use of two or more limbs as a result of injury or disease of the brain or spinal cord. A specialist medical practitioner must be of the opinion that the paralysis will be permanent with no hope of recovery and must be present for more than 3 months.

8. Multiple Sclerosis with Persisting Symptoms

The unequivocal diagnosis of Definite Multiple Sclerosis confirmed and evidenced by all of the following:

- i. investigations including typical MRI findings which unequivocally confirm the diagnosis to be multiple sclerosis and
- ii. there must be current clinical impairment of motor or sensory function, which must have persisted for a continuous period of at least 6 months.

Neurological damage such as SLE is excluded.

9. Coma of Specified Severity

A state of unconsciousness with no reaction or response to external stimuli or internal needs. This diagnosis must be supported by evidence of all of the following:

- i. no response to external stimuli continuously for at least 96 hours;
- ii. life support measures are necessary to sustain life; and
- iii. permanent neurological deficit which must be assessed at least 30 days after the onset of the coma.

The condition has to be confirmed by a specialist medical practitioner. Coma resulting directly from alcohol or drug abuse is excluded.

10. Blindness

Total, permanent and irreversible loss of all vision in both eyes as a result of illness or accident.

The Blindness is evidenced by:

- i. corrected visual acuity being 3/60 or less in both eyes or ;
- ii. the field of vision being less than 10 degrees in both eyes.

The diagnosis of blindness must be confirmed and must not be correctable by aids or surgical procedure.

11. Third Degree Burns

There must be third-degree burns with scarring that cover at least 20% of the body's surface area. The diagnosis must confirm the total area involved using standardized, clinically accepted, body surface area charts covering 20% of the body surface area.

12. Open Heart Replacement or Repair of Heart Valves

The actual undergoing of open-heart valve surgery is to replace or repair one or more heart valves, as a consequence of defects in, abnormalities of, or disease- affected cardiac valve(s). The diagnosis of the valve abnormality must be supported by an echocardiography and the realization of surgery has to be confirmed by a specialist medical practitioner. Catheter based techniques including but not limited to, balloon valvotomy/valvuloplasty are excluded.

13. Apallic Syndrome

A vegetative state is absence of responsiveness and awareness due to dysfunction of the cerebral hemispheres, with the brain stem, controlling respiration and cardiac functions, remaining intact. The definite diagnosis must be evidenced by all of the following:

1. Complete unawareness of the self and the environment
2. Inability to communicate with others
3. No evidence of sustained or reproducible behavioural responses to external stimuli
4. Preserved brain stem functions
5. Exclusion of other treatable neurological disorders with appropriate neurophysiological tests or imaging procedures
6. The diagnosis must be confirmed by a Consultant Neurologist and the condition must be medically documented for at least one month without any clinical improvement.

14. Benign Brain Tumour

Benign brain tumor is defined as a life threatening, non-cancerous tumor in the brain, cranial nerves or meninges within the skull. The presence of the underlying tumor must be confirmed by imaging studies such as CT scan or MRI.

This brain tumor must result in at least one of the following and must be confirmed by the relevant medical specialist.

- i. Permanent Neurological deficit with persisting clinical symptoms for a continuous period of at least 90 consecutive days or

The following conditions are excluded:

Cysts, Granulomas, malformations in the arteries or veins of the brain, hematomas, abscesses, pituitary tumors, tumors of skull bones and tumors of the spinal cord.

15. End Stage Lung Failure

End stage lung disease, causing chronic respiratory failure, as confirmed and evidenced by all of the following:

- i. FEV1 test results consistently less than 1 litre measured on 3 occasions 3 months apart; and
- II. Requiring continuous permanent supplementary oxygen therapy for hypoxemia; and
- III. Arterial blood gas analysis with partial oxygen pressure of 55mmHg or less ($\text{PaO}_2 < 55\text{mmHg}$); and
- IV. Dyspnea at rest.

16. End Stage Liver Failure

Permanent and irreversible failure of liver function that has resulted in all three of the following:

- i. Permanent jaundice; and
- ii. Ascites; and
- iii. Hepatic encephalopathy.

Liver failure secondary to drug or alcohol abuse is **excluded**.

17. Loss of Limbs

The physical separation of two or more limbs, at or above the wrist or ankle level limbs as a result of injury or disease. This will include medically necessary amputation necessitated by injury or disease. The separation has to be permanent without any chance of surgical correction. Loss of Limbs resulting directly or indirectly from self-inflicted injury, alcohol or drug abuse is excluded.

18. Major Head Trauma

Accidental head injury resulting in permanent Neurological deficit to be assessed no sooner than 3 months from the date of the accident. This diagnosis must be supported by unequivocal findings on Magnetic Resonance Imaging, Computerized Tomography, or other reliable imaging techniques. The accident must be caused solely and directly by accidental, violent, external and visible means and independently of all other causes.

The Accidental Head injury must result in an inability to perform at least three (3) of the following Activities of Daily Living either with or without the use of mechanical equipment, special devices or other aids and adaptations in use for disabled persons. For the purpose of this benefit, the word "permanent" shall mean beyond the scope of recovery with current medical knowledge and technology.

The Activities of Daily Living are:

- I. Washing: the ability to wash in the bath or shower (including getting into and out of the bath or shower) or wash satisfactorily by other means;
- II. Dressing: the ability to put on, take off, secure and unfasten all garments and, as appropriate, any braces, artificial limbs or other surgical appliances;
- III. Transferring: the ability to move from a bed to an upright chair or wheelchair and vice versa;

- VI. Feeding: the ability to feed oneself once food has been prepared and made available.

The following are excluded:

Spinal cord injury;

19. Surgery of Aorta

The undergoing of surgery to treat narrowing, obstruction, aneurysm or dissection of the aorta. Minimally invasive procedures like endovascular repair are covered under this definition. The surgery must be determined to be medically necessary by a Consultant Surgeon and supported by imaging findings.

For the above definition, the following are not covered:

1. Surgery to any branches of the thoracic or abdominal aorta (including aortofemoral or aortoiliac bypass grafts)
2. Surgery of the aorta related to hereditary connective tissue disorders (e.g. Marfan syndrome, Ehlers–Danlos syndrome)
3. Surgery following traumatic injury to the aorta

20. Primary (Idiopathic) Pulmonary Hypertension

An unequivocal diagnosis of Primary (Idiopathic) Pulmonary Hypertension by a Cardiologist or specialist in respiratory medicine with evidence of right ventricular enlargement and the pulmonary artery pressure above 30 mm of Hg on Cardiac Cauterization. There must be permanent irreversible physical impairment to the degree of at least Class IV of the New York Heart Association Classification of cardiac impairment.

The NYHA Classification of Cardiac Impairment are as follows:

- i. Class III: Marked limitation of physical activity. Comfortable at rest, but less than ordinary activity causes symptoms.
- ii. Class IV: Unable to engage in any physical activity without discomfort. Symptoms may be present even at rest.

Pulmonary hypertension associated with lung disease, chronic hypoventilation, pulmonary thromboembolic disease, drugs and toxins, diseases of the left side of the heart, congenital heart disease and any secondary cause are specifically excluded.

Exclusions applicable for the accelerated critical illness benefit:

The following are the minimum exclusions for the accelerated Critical Illness benefit. Additional exclusions are disease-specific and are incorporated into the definition of the disease. If any of the exclusion is found at underwriting stage then the policy will not be offered. However, if any exclusion is accepted as substandard as per Board Approved Underwriting Policy, the claim will not be rejected on ground of that exclusion. Benefits shall not be paid in case of claims arising as a result of any of the following:

1. Any diseases occurring within 90 days of the start of coverage or date of reinstatement (i.e. during the waiting period). In case of diagnosis of a Critical Illness condition contracted during the waiting period, the critical illness benefit will be terminated and Company will refund the premium paid corresponding to the accelerated Critical Illness benefit.
2. Failure to follow medical advice
3. Any External Congenital Anomaly (known and/or visible at the time of proposal), which is not as a consequence of Genetic disorder, unless the Life Assured has disclosed at the time of proposal and the Company has specifically accepted the same;
4. Sickness or Critical Illness which was a Pre-Existing disease or Sickness or Critical Illness which was induced by or as a result of a Pre-Existing disease
5. Intentional self-inflicted injury, attempted suicide, while sane or insane;

Add on benefits available (subject to underwriting): Following add-on Benefits (Additional Options) are available:

- **Spouse and Dependent Cover:** Cover on the life of spouse/ dependants of a member can be opted by the master policyholder. Cover on the life of spouse/ dependants are subject to evidence of insurability as per the Company underwriting guidelines and applicable premium rates. The cover in respect of the spouse will cease immediately on the exit of the member from the scheme either due to death, resignation, and termination or in the case of divorce/annulment of marriage of spouse. In such cases, proportionate premium for the unexpired period of risk will be paid.
- **Voluntary Top-up for Employer–Employee Groups:** In addition to the Sum Assured available under the scheme, employees can opt for additional Sum Assured, which will be considered on the basis of evidence of insurability as per the Company underwriting guidelines. On enrolment for voluntary top up during the policy term, pro rata premium will be charged for the remaining period of the term. However on renewal, premium for the full year will be collected, if the premium payment mode is annual or the due premium if the premium payment is through any other mode.

Non-forfeiture benefits

In case of employer-employee scheme, if an **individual member exits** from the group, premium for the unexpired risk cover will be refunded to the policyholder as per the scheme rules. In case of non employer-employee scheme, if an **individual member exits** from the group, cover will continue till the end of the period of coverage for which the premium has been received unless specifically a request is received for the refund of premium for the unexpired risk cover.

In both employer employee schemes and non employer employee schemes, **on surrender of the master policy**, an option to the individual members of the group shall be provided whether to continue the cover for the unexpired period of risk or to exit from the scheme in which case we shall be providing the refund of premium for the unexpired risk cover, in accordance with section 35 (I) of the non-linked product regulations 2013.

General Conditions

- The plan is a one year contract and can be renewed at the premium rates, terms and conditions mutually agreed by the Master Policyholder and Max Life Insurance Company

Tax Benefit

Tax benefits and liabilities under the Policy are subject to prevailing tax laws. Tax laws and the benefits arising there under are subject to change. You are advised to seek an opinion of a tax advisor in relation to applicable tax benefits and liabilities.

Free Look Period

The Master Policyholder and/or the Life Insured/Scheme Member, have a period of 15 (Fifteen) days (30 days if the Policy/Certificate of Insurance have been issued through distance marketing i.e. by any means of communication other than in person) from the date of receipt of the Policy/Certificate of Insurance to review the terms and conditions of the Policy/Certificate of Insurance. If the Master Policyholder/ the member disagree to any of the terms or conditions of the Policy/Certificate of Insurance, the Master Policyholder/the Member has an option to return the original Policy/Certificate of Insurance to Us by stating the objections/reasons for such disagreement in writing.

In case of Employer-Employee groups, where free look cancellation can only be exercised by the Master Policyholder and once exercised, the Policy shall terminate forthwith and all rights, benefits and interests under the Coverage shall cease immediately and the cover in respect of all existing members will also cease immediately. The Company will refund the premiums paid, after deducting the proportionate risk premium for the period of cover, charges of stamp duty and the expenses incurred on medical examination of the member(s), if any.

In case of Non Employer Employee groups, where free look cancellation is exercised by the Master Policyholder, the Policy shall terminate forthwith and all rights, benefits and interests under the coverage shall cease immediately. However, the cover in respect of existing members will continue as per the terms of Certificate of Insurance as applicable. No new members will be enrolled under the Policy. Where free look cancellation is exercised by member, Certificate of Insurance shall terminate forthwith and all rights, benefits and interests shall cease immediately. We will refund the Premiums received by Us, after deducting the proportionate risk Premium for the period of cover, charges of stamp duty paid and the expenses incurred on medical examination of the member(s), if any.

Revival of Lapsed Policy: Revival may be allowed within the policy term of one year. A policy lapsed within the policy term of one year due to non-payment of modal premium can be revived provided:

- i) Policyholder forwards Max Life Insurance a written request for revival
- ii) Policyholder can produce an evidence of insurability for the members acceptable to Max Life Insurance and bear the cost for the same and
- iii) Policyholder pays all overdue Premiums with interest at such rates as may be determined by Max Life Insurance.

The revival will take effect only after it is approved by the Company as per the Board approved underwriting policy and communicated to the policyholder in writing. The Company may not be liable to cover the claims occurring during the period for which the master policy is in lapsed condition.

Suicide Exclusion:

In case of Employer-Employee Group where the cover is compulsory, suicide exclusion will not be applicable.

In case of a Non Employer-Employee Group or an Employer-Employee Group under which Members are covered on a voluntary basis and where the suicide exclusion clause is applicable, if the Member commits suicide, whether sane or insane, within 12 (Twelve) months of continuous coverage from the Entry Date, all risks and benefits under the Policy in respect of such Member will automatically cease and no benefits will be payable. In

such an event, We will only refund the Premiums without interest received by Us, to the Claimant without interest.

Under the Accelerated Critical Illness Benefit option, no benefits shall be paid when a claim arises as a result of attempted suicide, while sane or insane.

Full Disclosure & Incontestability:

We draw your attention to Section 45 and statutory warning under Section 41 of the Insurance Act 1938 as amended from time to time – which reads as follows:

Section 45 of the insurance Act, 1938 as amended from time to time states that:

- (1) No policy of life insurance shall be called in question on any ground whatsoever after the expiry of three years from the date of the policy, i.e. from the date of issuance of the policy or the date of commencement of risk or the date of revival of the policy or the date of the rider to the policy whichever is later.
- (2) A policy of life insurance may be called in question at any time within three years from the date of issuance of the policy or the date of commencement of risk or the date of revival of the policy or the date of the rider to the policy, whichever is later, on the ground of fraud:

Provided that the insurer shall have to communicate in writing to the insured or the legal representatives or nominees of the insured the grounds and materials on which such decisions are based.

Explanation I – For the purposes of this sub-section, the expression “fraud” means any of the following acts committed by the insured or by his agent, with the intent to deceive the insurer or to induce the insurer to issue a life insurance policy:

- a) the suggestion, as a fact of that which is not true and which the insured does not believe to be true;
- b) the active concealment of fact by the insured having knowledge or belief of the fact;
- c) any other act fitted to deceive; and
- d) any such act or omission as the law specially declares to be fraudulent.

Explanation II – Mere silence as to facts likely to affect the assessment of the risk by the insurer is not fraud, unless the circumstances of the case are such that regard being had to them, it is the duty of the insured or his agent, keeping silence to speak, or unless his silence is, in itself, equivalent to speak.

- (3) Notwithstanding anything contained in sub-section (2) no insurer shall repudiate a life insurance policy on the ground of fraud if the insured can prove that the mis-statement of or suppression of a material fact was true to the best of his knowledge and belief or that such mis-statement of or suppression of a material fact are within the knowledge of the insurer:

Provided that in case of fraud, the onus of disproving lies upon the beneficiaries, in case the member is not alive.

Explanation – A person who solicits and negotiates a contract of insurance shall be deemed for the purpose of the formation of the contract, to be the agent of the insurer.

- (4) A policy of the life insurance may be called in question at any time within three years from the date of issuance of the policy or the date of commencement of risk or the date of revival of the policy or the date of the rider to the policy, whichever is later, on the ground that any statement of or suppression

of a fact material to the expectancy of the life of the insured was incorrectly made in the proposal or other document on the basis of which the policy was issued or revived or rider issued:

Provided that the insurer shall have to communicate in writing to the insured or the legal representatives or nominees of the insured the grounds and material on which such decision to repudiate the policy of life insurance is based:

Provided further that in case of repudiation of the policy on the ground of misstatement or suppression of a material fact, and not on the ground of fraud, the premiums collected on the policy till the date of repudiation shall be paid to the insured or the legal representatives or nominees of the insured within a period of ninety days from the date of such repudiation

Explanation – For the purposes of this sub-section, the mis-statement of or suppression of fact shall not be considered material unless it has a direct bearing on the risk undertaken by the insurer, the onus is on the insurer to show that had the insurer been aware of the said fact no life insurance policy would have been issued to the insured.

- (5) Nothing in this section shall prevent the insurer from calling for proof of age at any time if he is entitled to do so, and no policy shall be deemed to be called in question merely because the terms of the policy are adjusted on subsequent proof that the age of the life insured was incorrectly stated in the proposal.

Prohibition of Rebates: Section 41 of the Insurance Act, 1938 as amended from time to time states:

- (1) No person shall allow or offer to allow, either directly or indirectly, as an inducement to any person to take or renew or continue an insurance in respect of any kind of risk relating to lives or property in India, any rebate of the whole or part of the commission payable or any rebate of the premium shown on the policy, nor shall any person taking out or renewing or continuing a policy accept any rebate, except such rebate as may be allowed in accordance with the published prospectuses or tables of the insurer.
- (2) Any person making default in complying with the provisions of this section shall be liable for a penalty which may extend to ten lakh rupees.

Nomination

Nomination shall be applicable in accordance with provisions of Section 39 of the Insurance Act 1938 respectively, as amended from time to time.

Assignment

Assignment shall be applicable in accordance with provisions of Section 38 of the Insurance Act 1938 respectively, as amended from time to time.
