Footnotes :

- Analytical ratios have been calculated as per definition given in IRDAI Analytical ratios disclosure.
- The solvency ratio are as certified by the Appointed Actuary.
- The persistency ratios are calculated in accordance with the IRDAI circular no. IRDAI/F&A/CIR/MISC/256/09/2021 dated September 30, 2021 and hence are with a lag of one month.
 - The persistency ratios for the quarter ended March 31, 2022 have been calculated on 30th April 2022 for the policies issued in the January to March period of the relevant years. E.g.: the 13th month persistency for the current quarter is calculated for the policies issued from January 2021 to March 2021. The persistency ratios for quarter ended 31st December 2021 and 31st March 2021 have been calculated in a similar manner.
 - The persistency ratios for year ended as at March 31, 2022 have been calculated on 30th April 2022 for the policies issued in the April to March period of the relevant years. E.g.: the 13th month persistency for the current year is calculated for the policies issued from April 2020 to March 2021. The persistency ratios for year ended as at March 31, 2021 have been calculated in a similar manner.
 - The 'quarter ended' persistency ratios are not comparable to corresponding 'year ended' ratios on account of different time period available for renewal for policies. For example – In case of 'quarter ended' persistency as at 31st March, which includes policies issued in the January to March period of relevant years, a policy issued in the month of January will have around 3 months available for renewal of policy. While in case of 'year ended' persistency as at 31st March, which includes policies issued in the April to March period of relevant years, a policy issued in the month of April will have around 12 months available for renewal of policy.
- Persistency ratios include individual business only. Group business policies have been excluded from the persistency calculation.
- Ratios for the previous year's quarter & previous year have been reclassified / regrouped wherever necessary.
